Back to School

With the excitement palpable in the air, YDN's *talmidim* entered the yeshiva's building ready for another successful year. From Kindergarten all the way through eighth grade, the *rebbeim* and *morahs* were super excited about the enthusiasm and high level of learning that their *talmidim* displayed.

Tidbits from some classrooms:

Pre 1a *morahs* are super proud of their students. Not only did they choose their classroom rules, but they're also following them to a "T".

Second grade *rebbe*, Rabbi Pruzansky, was very impressed with the high level of learning that his second graders are on.

Sixth grade *rebbe*, Rabbi Plotzker, was super impressed by his *talmidim*. They have been learning beautifully.

Seventh grade *rebbe*, Rabbi Prupas was touched to see the tremendous excitement his *talmidim* had to be back in *yeshiva*.

We're looking forward to continued success *BE'H*.

Gathering for Growth

After a refreshing summer break the *rebbeim* gathered for the back to school *rebbeim's* meeting. With enthusiasm, the *rebbeim* came anticipating the fresh start. After welcoming the two new additions to YDN's *Limudei Kodesh* Staff, Rabbi Prupas and Rabbi Baum, the *rebbeim* were ready to present. Each *rebbe* presented one chapter of the book they received at the end of last years meeting "Mastering the Student Parent Relationship". After listening to the presentations, it was time for the Director of Special Services, Mrs. Levinger, to address the assembled. She stressed that all of the staff are here for our *talmidim*, and that she's available to work together with the *rebbeim* to ensure that the full potential of each *talmid* is reached. After Mrs. Levinger, YDN's new nurse, Mrs. Aimee Kurshblum, explained to the *rebbeim* the importance of YDN's "nut aware" campaign. She reviewed the treatment plan for Kids with severe allergies, and created the awareness necessary. The S'gan Rosh Hayeshiva, Rabbi Brodie, greeted the staff and complemented them on their dedication to the yeshiva. He ended with a *bracha*, that the *rebbeim* should continue in their *avodas hakodesh* with *mazal* and *hatzlacha*.
